

HOME THEATER SPEAKER KITS

5.1, 6.1, 7.1 and 7.2 Speaker Kits

New Epitome Speaker Kits make it easy to order the correct speaker combination for your specific system with just one part number. The **30-3568** is perfect for all 5.1 receivers. The **30-3569** can be used with 6.1 receivers, or 7.1 receivers operated in the 6.1 mode. The **30-3571** is for all 7.1 receivers, or 9.1 receivers operated in the 7.1 mode. For the ultimate low frequency detail, the **30-3572** includes two of the **30-4090** 10" subwoofers. Perfect for use with receivers featuring Left and Right Subwoofer outputs, or, can be used with GC Electronics **30-1215** Audio Splitter.
