Bright Strobe Flasher & Ringing Alert

Visual Phone Alert

RoHS: CERTIFIED

**APPLICATIONS:**

In addition to the phone ringing, the bright strobe visually alerts the hearing impaired that there is an incoming call. Also provides a visual signal in noisy locations, factories, work shops, or simply when the stereo is at high volume. Easily installed to modular phones. FCC registered.

**INSTRUCTIONS:**

The Strobe Flasher is easily installed in-line with the telephone.

1. Remove modular base extension cord from telephone and insert into modular jack of strobe flasher.
2. Insert modular cord from strobe flasher into telephone jack.
3. Strobe Flasher will activate when phone rings.
