

# DB-9/RS-232 COMPUTER CABLE

EGA DB9M/DB9F 6' Modem Cable features one DB9 female and one DB9 male connector, allowing you to connect a serial printer to a 9 pin serial port, or transfer files from PC to PC via serial port connection. Male-to-female cable is typically used to extend your existing male-to-male cable and is designed to provide a reliable, long-lasting connection.
